Three great show cows and their calves at Leveldale Farms.

HERE is a lesson in the above picture. Frequently one hears the remark that show cows fail to prove their worth in the breeding herd. This has not been the case in the Mathers Bros.' herd. Above may be seen, from left to right, Leveldale Rosewood, Ruby 47th and Winifred 18th, three of the most famous show females of the past decade, with their latest three calves at side. The first and last named both have calves by the 1937 International grand champion Gainford Marshal and Ruby 47th has a calf by Fairmead Prentice 2d.

Leveldale Rosewood won first prize at the International three different years, was grand champion one year and won her class practically everywhere shown during the three year period, being champion most of the time. Her first calf, a heifer, born at the Wisconsin State Fair in 1937 has been a prominent winner this year. The calf shown at foot is her second. Ruby 47th was a class winner consistently and was several times a champion. She has produced the present herd bull Dreadnaught Lustrous, last year's top selling bull Dreadnaught Stamina and the heifer calf in the picture. Winifred 18th was an American Royal junior champion as a calf, won consistently as a yearling, then returned to the herd where she has produced Dreadnaught Sunglow, Leveldale Fame with a twin sister, and Leveldale Winifred, this latter calf being included in the 1938 sale.

The picture provides a lesson but it could have been even more emphatic had the owners included other great show cows such as Belle O'Leveldale, Leveldale Bride 2d and Glenburn Caroline, all noted show ring winners that have proved wonderful producers. In the Leveldale Herd the champions of today are the sires and dams of tomorrow's champions. They are bred with constitutions that provide for such careers.

Most of the females in this pleasing group are listed in this sale.

TO all lovers of good Shorthorn cattle we extend a welcome to our Fourth Annual Sale. This is strictly a production sale. Practically our entire crop will be included in this auction and we offer no apologies for them as we believe we have maintained the same progress in sale cattle that our show herd has at the fairs.

To further impress upon the public that our bulls are prepotent for others as well as in our herd, we have invited Ewing Brothers and Arnold Brothers to offer some of their productions along with our own. We advise you to study their cattle and compare them with the best to be found anywhere.

The catalog is sufficiently illustrated to convince you as to the exceptional values we are offering and we are again in the footnotes offering our opinion of the individual as a further guide for the prospective buyer.

We do not hesitate to recommend the consignments of Ewings and Arnolds as we know them to be healthy and useful young cattle and further recognize that their owners are as anxious as we are to maintain their reputation which has been built upon fair dealing and satisfied customers.—L. E. Mathers.

# GUARANTEE

(Endorsed by American Shorthorn Breeders' Association)

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.
2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age. In case of failure to be a breeder notice shall be given to seller by the time bull is twenty months of age or within six months of date of purchase.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers, sold as single lot guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.
4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of return freight in such case to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case animal proves to be not a breeder, then the purchaser shall be given the option of having the purchase price refunded without interest or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage to go to the seller. It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a sixty-day retest for tuberculosis or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputed by State veterinarian, who is co-operating with Federal veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.

The above guarantee and terms constitute a contract between the buyer and seller of each lot. The individual designated as Sale Manager assumes no liability, legal or otherwise.

**HEALTH**—All three herds are Federally Accredited for tuberculosis and every animal has been blood tested for Bang's Disease. A 60-day tuberculin retest is allowed and all cattle are guaranteed to comply with the health regulations of any state into which they may go.

**Sheik of Leveldale**

**Gainford Marshal**

**I**T has never been our policy to feature one stock bull above another in the Leveldale Herd. During most of our career, we have maintained three herd bulls and they have nearly all been champions and sire of champions. At the present time we believe we display greater herd bull strength than ever before in the history of our herd. Gainford Marshal was the undefeated grand champion in 1937. Dreadnaught Lustrious has been a consistent winner of grand championships in 1938. Sheik of Leveldale has not had much opportunity to prove himself in the show ring but his early calves are easily the best that we have produced in many years.

## Dreadnaught Vassal—

A perfect head with  
scale and heavy bone.

Dreadnaught Vassal—A perfect colored red roan son of Dreadnaught Consort that carries scale, heavy bone, a perfect head, smooth flesh and wide smooth rump. His full sister was one of the tops in last year's sale, going to Oscar Nelson's carefully selected herd. We call your attention especially to the head of this bull. A lot of herds need a sire with just such a strong head.

## Dreadnaught Invader—

The best herd bull  
prospect of the year.

**Dreadnaught Invader**—One of the very best bulls we have produced. He has no faults that would eliminate him from use in any herd. He has a beautiful head and neck, smooth shoulders, straight wide back, smooth tail head, on a wide full rump, heavy quarters, full heart girth, a perfect rear flank, short straight legs and a smooth covering of thick flesh. He was sired by the great breeding bull Dreadnaught Consort and out of the great red cow Glenburn Caroline 7th, a three times winner at the International Live Stock Show. She carried a thickness and smoothness of flesh, rarely ever seen. This well balanced, correct type, good colored calf will put some herd out in front of the parade. A real show bull bred to be a breeding bull.

He has a good head and is straight, smooth and rugged. He should be well received and the result from his use should be gratifying.

His dam is a good red cow whose sons are in service in the herds of H. C. Lovitt, LaHarpe, Ill. and Cross Bros., Douglas, Wyo. She now has a beautiful red heifer by Sheik of Leveldale. This is another line bred bull that will stamp his get with those characteristics which mean profits.

A special attraction  
from our show herd.

She won first prize at eight state and national shows in the 1937 circuit. She is safe in calf to Dreadnaught Lustrous, this season's grand champion and will make a great breeding cow. Try to find a pedigree with more great sires represented in the top five crosses. A bull calf from this wonderful cow and sired by Dreadnaught Lustrous would solve your herd bull problem.

Mathers Bros. contribution to the tops of these pedigrees has been EIGHT CHAMPION STOCK BULLS used in succession in the herd. Hence, the type, character and individuality, all of which you are sure to admire in each animal on sale day, is BRED INTO THEM. Surely these are factors which should prompt you to attend the sale and BUY.

# The Ewing Bros. Consignment

**Leveldale Commodore**

THE Ewing Bros.' herd is a fitting example of a constructive program of balanced farming that is adaptable to any Corn Belt Farm. Here indeed, the fertile acres are kept fertile through the use of good live stock. A herd that would prove a pleasure and profit to any owner is maintained on the Ewing farm with only such equipment as would be practical on your farm. They have made use of the very best Scotch blood, they have used the best bulls obtainable and they have enjoyed the task of feeding and developing each calf. They can be proud of the produce of the herd and proud indeed of the select group they are offering in this sale. At the present time, Dreadnaught Resource and Leveldale Commodore, both Mathers bred bulls, are siring the best calves they have ever produced.

## The Arnold Brothers Consignment

---

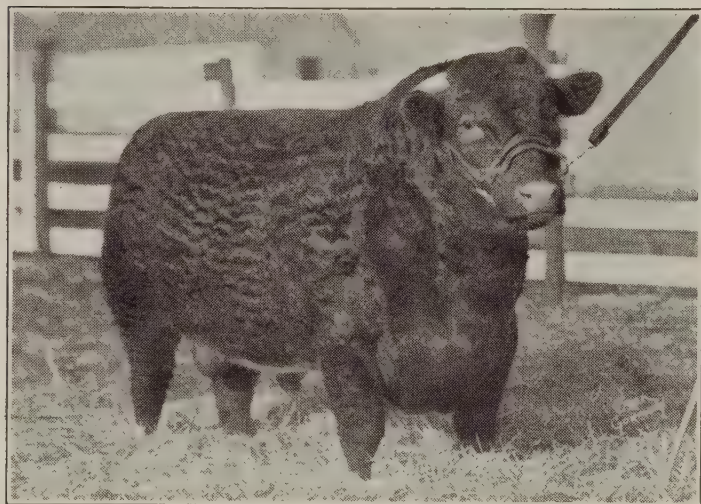

**W**ITH a herd founded on the very best females that could be secured from the strongest breeding nurseries in this country, Canada and Scotland and through the use of the Mathers bred bull, Dreadnaught Brilliant, Arnold Bros. have made a splendid record at Shore Acres Farm. This consignment contains four daughters of Dreadnaught Brilliant that prove conclusively his ability as a sire. Four other very choice heifers are offered carrying the service of Shore Acres Brilliant, the outstanding son of Dreadnaught Brilliant that won third prize in the strong Junior Calf Class at the last International Live Stock Show. This is a beautiful group of females drawn from one of the greatest herds in the land,—a herd we all admire, not only because of its top quality but because of the character and integrity of the men who own it.

Shore Acres Brilliant, the first bull calf sired by Dreadnaught Brilliant. Without extra fitting, he won third prize in the strong junior calf class at the International Live Stock Exposition.

Sylvia of Shore Acres A. by Edellyn Red Sunrise and Shore Acres Brilliant by Dreadnaught Brilliant. Together they won third prize in the class for pair of calves at the 1937 International. Shore Acres Brilliant combines all the things we want in a stock bull, and we are retaining him for service at Shore Acres Farm.

Dreadnaught Brilliant, the great son of the many times champion Dreadnaught Salute that heads the Arnold Bros.' herd. The Arnold consignment contains four outstanding daughters of Dreadnaught Brilliant.

**Princess

Real quality  
by inheritance.

Princess Lustre A.—This heifer is hard to fault, and we are including her only as an attraction. She comes rightfully by her quality as her dam topped the 1933 Edellyn sale. This one will be a winner in fast company. We are comparatively new breeders and it does not mean much to say that this is the best heifer we ever offered, but we do say that we searched the country over for just such females as this when we started our herd and we know they are hard to find. We are proud to offer her as a sample of the get of Dreadnaught Brilliant.

This pedigree can be recommended highly because it represents a careful blending of the blood of three great sires of show ring winners—Dreadnaught Salute, Browndale Archer and Ballylin Rodney.
